A A AutoCAD for JavaScript An AutoCAD-based API for drawing JavaScript code in AutoCAD and running it. The API is run from within a web browser. Custom PTC data types A: The answer is "the program is written in Pascal, not Visual Pascal." AutoCAD is just a front end for the software, so the same can be said of any other program that runs on AutoCAD. A U.S. Naval Academy official confirmed the death of one midshipman and said the school was working to identify the other victim. Two other midshipmen were hurt in the accident, but their injuries were not life threatening. Officials did not release the names of those involved. A Naval Academy spokeswoman says the midshipmen were walking south on a wooden path along the top of a ridge on the property near the site of the nuclear power submarine base in Annapolis, Maryland, when the accident occurred shortly after 10 a.m. Friday. She says an investigation was underway and no cause had been determined. She did not give a number for how many midshipmen had been injured. Last November, a 40-year-old California man drowned while trying to take pictures of a giant wave crashing into the cliffs about 100 yards (90 meters) from the academy's main entrance. The U.S. Coast Guard on Friday said two Coast Guard cutters were en route to the scene of the accident. the company's health care plan is \$5,000 per person. As is the case at most of the mid-size companies that have at one time or another been on the list of the top 100 companies to watch, we were told that, during the economic downturn, Humana Inc. went from having a 6.5 percent share of the national health care market in 2007 to a 7.2 percent share today, as the company expanded its reach into government-based health care programs. The company is one of the nation's largest private providers of Medicare supplemental insurance and health plans. It's also in the process of merging with a rival, UnitedHealth Group Inc. Both of those deals are expected to close in 2014, when Humana will have about \$63 billion in annual revenue, compared to about \$26 billion today. Company description: Allstate Financial Corporation, based in the Chicago area, is the second-largest auto insurer in the United
