The 57,000 sq ft island-wide expansion project of the Jurong East station started in mid-January and is expected to last until May next year. LTA said that the work at the station will be divided into three phases: the Jurong East footbridge expansion; the central concourse, and north concourse expansion; and the repair of the island platform footbridge. During the island-wide expansion, the island platform footbridge will be closed. The entire island platform is expected to remain closed until Feb 15. The Jurong East island platform footbridge, which opened in August 2004, connects the underground and the elevated island platforms. The concourse, which will be extended to connect the underground and elevated concourses, will undergo an infrastructure improvement works from February to mid-May. While the island-wide expansion project at Jurong East station will continue, some parts of the concourse will be closed. From Feb 15, the island
