NFL Woofpool is the best tool available for sports bettors who want to put money on NFL football. Its features include complete team information (players, team records, wins & losses, and point

spreads), complete record of the NFL Divisional and Conference Championship games, complete team division standings, complete team point spread standings, complete team record vs. the spread, odds comparison, and complete team-by-team poll. You can also put your own team in and win or lose money. You can specify the percentage of player's salary that you will risk on the game, also you can specify a pay out percentage. The system will then calculate for you the max and min amount of money you can risk on the game based on the odds and your pay out percentage. You can also "calculate" if the game is a winner or not, based on the points scored and points allowed. Every week you will receive a list of the upcoming games. You can start or stop the service at any time and make changes to your teams at will. You can also customize your options by adding your own teams and easily customize your team financials.
