The Lands Between are divided into a large number of territories as a result of territorial division. The walls of the regions do not fall, and access is possible by passing through these regions. The Lands Between has both the various contents like the volcano and mountain areas and areas with living creatures in the form of dungeons, castles, and cities. In the case of the temples and spots of religious atmosphere like the Great Tree and the Iron Mountain, it is often so that there is even a drop in the world of dreams called the Chaos below. Even if it is outside the Lands Between, the world of dreams is connected by the emissary of the Reverie. Players are already able to immerse themselves in its magnificent world. The new world of Elden should be born from the dramatic events that swept through the world at the end of the 5th century. A tragedy that was born long ago and will last for generations: as humanity suffered a devastating calamity, the world was plunged into a nightmarish era of darkness, despair, and ruin. However, with the light given to them by the Shepherds, humanity began to rebuild. Humanity who returned to their olden roots of truth and science - and their blood-stained battlefields turned to lush orchards, abundant farms, and clean beaches. Those events sparked a war to define the meaning of what life is. The war that will decide the future of the world: between light and darkness. Those are the words of the world's collapse, and the fact that the world is upside down. Those who survived the war are on the offensive. They are thrust into an unknown world, a huge land full of shadows, and an ancient, fearsome evil. As the world's bright hope, the Elden are in a position to decide the future of the world.
