Download of Mathematical Method or read onlineA . Solo Trader Books Chapters In this chapter I look at the list formula, which is used to make charts. I will also look at how to find the price and time frame of a price. The first thing you need to do is to search for a list formula to help you find a trend. I will also show you how you can use this list formula to make a candlestick chart. The next topic we will cover is about how we can analyse the list formula. I will show you how to analyse the list formula. I will then show you how to use a list formula to make a price target chart. The next topic we will look at is how to use a pair chart to find a pivot point. We will finish this chapter by looking at how we can use the list formula to make our own list formula.
