everything you need to know in this one handy ebook!. program de tareas de redes WiFi WiFi hotspot Temas Español.Q: Changing CSS properties of all items in list to a specific div using jQuery I'm trying to alter some CSS properties of list items to have a red background (using the :target pseudo selector) when activated. I thought I was doing it well until I noticed the background is not applied, even though the list is displayed correctly. The CSS: `ul#myList { display: block; } ul#myList li { display: none; }` The HTML: `Hi there! Hello Hello Hello` And the jQuery:
