The game can be enjoyed by players of all ages. While being able to produce high-quality game content and polish the game system with a development team of ten people, we are also aware that playing the game can be somewhat difficult. Therefore, we have implemented the "Elden Ring System" from the start. Although there is something to be learned by playing the game with the "Elden Ring", if you are playing with only a regular open world RPG, you may find it a bit troublesome. If you want to learn more about the game, please refer to the links included in this release. ----- Contents:

the two service reductions that Illinoisans will face next year. Rep. John Fritchey, of Stickney, said the plan lays out a variety of cost savings, such as changing to an 8-hour workday to help move up salaries for salaried state workers. But it also calls for billions of dollars in cuts, including a reduction in state health benefits, higher taxes or a mix of both. "This is an act of budgetary profligacy," Fritchey said. "Even if you were a supporter of cutting costs, we should not be cutting everything, with an eye toward ultimately having cuts of that nature." The free roam system allows players to create meaningful combat scenarios.
