I then had to make a decision to spank her on the left side or on the right side. I've read that a punishment which is applied to both sides of the body has a more effective effect. I opted for the left side. I gave it to her again. Once again, she didn't cry. She also didn't use any language. When I realized that she had taken everything that I had been told on the Internet to be true, I was very impressed. This only showed me that she was well-behaved. It was at that moment that I thought of how much she would enjoy the spanking that came next. The leather paddle sounds very loud when it hits the top of the skin. It is because the leather paddle is very thin and hard. The whole world stopped because the room smelled of leather. Then she started to cry and shouted as though she were very, very, angry. I enjoyed the pain because the paddling was given to the right side of her body. At that moment, I started feeling a strange pleasure. I would like you to enjoy this pleasure as much as possible. My spanking (punishment) which I had prepared had worked well. I was spanked. I have always wanted to hear what it would be like to be spanked as I had been told that it would feel good. So I did not immediately respond when my wife said that she wanted to spank me. The truth is that I had already been spanked before in my life, but this was a different sort of spanking. I still need to go to jail, but I think that I will be spanked in jail too. Well, then I felt that spanking had been done a lot of female readers. After that, my wife came over to me and the first thing she said was that she wanted to spank me. In fact, she had already started. We have been going at it for about 20 minutes now. This time, she did not say anything for quite a while. I really got into it. And during the spanking, she said that the pain felt good to her. This was a pleasant surprise.

## Spanking Tiffany Jones Little Red Apples

I asked her why did she steal it back for him? She said that he would not have let her go shopping with him if he had known that she would return with everything. I asked her to tell me why not. She told me that she would not have let him go shopping with her if he knew he would steal for her. I asked why not? She said that he wouldn't have been the first person to do it, and that it would have been his parents who did it first. I asked her why did she think they would do it? She replied that he was cheap and lazy and would steal for anyone and that his parents would say that he was their child and they would have to say it was OK for him to steal things. 'Daddy and mummy would be embarrassed.' I asked her why were they embarrassed? She said that he would steal something small and that his parents would be embarrassed as they wouldn't see it or know that he had stolen it, as it was in their bag. I asked her how could it not be in their bag? She replied that it was in the bag that they used to take all of the smaller items that he would steal. I told her that she was right and that I would find him and take away his bus pass. I took her into the kitchen and had her write down the names and numbers of all of his parents. She told me that he worked at a shop called Toys-R-Us and that they were the parents that the shop did business with. Spank me Tiffany! I asked her what could they do? She told me that his mother worked there and could report him to the police, but that he would not be punished as she would have to do time for stealing for him. Anyway, they go to Tiffany's house. Tiffany is 18 and very pretty, and for some reason makes a big deal out of having her nipples pierced, to the point that it's just natural for a girl with such perky, small areolas to be the object of male desire and envy. She carries around a tiny purse that is filled with condoms and lube and her maid's panties, which are always ready to go. Tiffany is Tiffany and she is very cute, and she smells good. She always looks so pretty, and dressed in her little girl's tennis clothes. She's jogging in the park, and has a huge smile on her face when she runs into the detective she's working with. She thanks him for helping her. A little bit later, she's sitting in her room in her tennis uniform, getting changed, and he walks in. He has caught her jogging in her pleated skirt. He explains that he has been tailing her for a while and shows her a pair of her own tennis shoes. They get a little bolder, and he bends her over the bed and starts her off to a good, hard, no-holes-barred spanking. 5ec8ef588b
